## Graham Scobie

for Mayor and Council

on 13 September 2008

### What I will do for you:

- \* Work full time as Mayor
- \* Listen to residents and ratepayers and act on your concerns
- \* Chair Council meetings with respect for Councillors, staff and public
- \* Use my existing good working relationship with Federal and State members to gain a better share of Government funding for the Eurobodalla Shire
- \* Refuse a Mayoral vehicle and instead ride to Council each day on my bicycle from my home in Moruya. I will use a Council car pool vehicle for official business
- \* Work towards greater economic diversity, especially by assisting small and home-based businesses
- \* Preserve the environment of the Eurobodalla and make sure we get our fair share in carbon credits from State Forests and National Parks
- \* Make decisions based only on the benefits to ratepayers and residents as my campaign is totally self-funded
